

BECAUSE SUMMER MATTERS

SUMMER AT CLARK

Everyone looks forward to summer! Warmer days, relaxed daily routines and more time to spend with family and friends make summer wonderful.

At Stanley Clark, we enjoy and support all things “summer” with our carefully considered summer programs for students that offer:

- Renowned faculty
- State-of-the-art curriculum
- Outstanding facilities
- Choices for students from the age of 3 to recent 8th grade graduates

...all while having fun with friends and learning in ways that enhance the joys of summer.

Please take a look, and let Stanley Clark help make this summer your child’s best yet!

Warmly,
Melissa Grubb
Head of School

CAMP DETAILS

USE COUPON CODE "SUMMER10" TO SAVE 10% ON MULTIPLE CAMPS!

DAILY SCHEDULE

7:45-8:30 a.m. Pre-Camp (optional)

8:30-11:30 a.m. Morning Camp (pack a snack*)

11:30 a.m.-12:00 p.m. Lunch Break for Full Day Campers (pack a lunch*)

12:00-3:00 p.m. Afternoon Camp (pack a snack*)

3:00-5:15 p.m. Post-Camp (optional)

TUITION

Single Camp - morning or afternoon: \$205 per camp

Full Day or Multiple Camps - 10% off total (including siblings). Use coupon code **summer10**

Lunch - supervision is provided free of charge for full day campers

Pre-Camp: \$5/per day

Post-Camp: \$15/per day

REGISTRATION

Registration is open to students from any school going into 1st-9th grade for the 2018/2019 school year.

or online at:
stanleyclark.org/summerfun

ALL CAMPERS WILL RECEIVE A SUMMER AT CLARK T-SHIRT!

QUESTIONS?

Contact Jess Loyd, Summer Camp Director, at 574.291.4200 or summerfun@stanleyclark.org

*Snacks and lunches must be nut-free

BOTTLE ROCKET BUILDING

Week: June 18-22

Instructor: Patrick Cobb

Time: 8:30-11:30 a.m.

Grades: 4-9

Reducing, reusing and rocket building is the object of our mission. Campers will become junior rocket scientists by designing and testing rockets made out of pop bottles. This is both an inside lab and outdoor learning experience. Use various materials to build a rocket and then launch it with water and pressurized air. Campers will also build model rockets with igniters.

SPANISH SUMMER FUN 1

Week: June 18-22

Instructor: Annie Borjas

Time: 8:30-11:30 a.m.

Grades: 1-3

Build Spanish vocabulary while participating in a wide variety of indoor and outdoor summer activities. From water balloons to obstacle courses, Spanish Summer Fun camp will keep your mind thinking Spanish and your body being active!

NATURE DETECTIVES

Week: June 18-22

Instructor: Jennifer O'Connor

Time: 12:00-3:00 p.m.

Grades: 1-2

Explore the beautiful campus of Clark! Learn about topics such as trees and bugs while exploring the natural world around us. We'll use our five senses to investigate and discover nature. Everything detected will be discussed, researched and observed! On Friday, go further into the great outdoors by exploring St. Patrick's Park. Campers should dress in appropriate clothing for the outdoor elements.

SOLAR CAR BUILDING!

Week: June 18-22

Instructor: Patrick Cobb

Time: 12:00-3:00 p.m.

Grades: 4-9

No need for a driver's license for this camp. Learn to harness the sun's energy by building a car that can be attached to a solar panel. Test variables and try to design the fastest car in camp. Campers will also build their own solar panel to take home and show off to family and friends.

SPANISH IN ACTION

Week: June 18-22

Instructor: Annie Borjas

Time: 12:00-3:00 p.m.

Grades: 4-6

Are you ready to learn Spanish in a fun, memorable way? Enjoy daily vocabulary development combined with active group games. The final day of camp will be an adventure scavenger hunt!

ROBOTICS

Week: June 25-29

Instructor: Patrick Cobb

Time: 8:30-11:30 a.m.

Grades: 4-9

Do you enjoy Legos and computers? If so, you'll love this camp that offers the opportunity to be a junior robotic engineer. Campers will put together robots, learn about basic programming and design a course to test their autonomous robots.

SPANISH SUMMER FUN 2

Week: June 25-29

Instructor: Annie Borjas

Time: 8:30-11:30 a.m.

Grades: 1-3

*Same as week 1's camp, but with new vocabulary. Students can either join for the first time or consider this an extension of week 1.

Build Spanish vocabulary while participating in a wide variety of indoor and outdoor summer activities. From water balloons to obstacle courses, Spanish Summer Fun camp will keep your mind thinking Spanish and your body being active!

USE YOUR SPANISH!

Week: June 25-29

Instructor: Annie Borjas

Time: 12:00-3:00 p.m.

Grades: 7-9

Do you have a basic knowledge of Spanish vocabulary and grammar? Do you want more practice reading, writing and speaking the language? If you can't get enough of Spanish, this camp is for you! Come ready to use your Spanish skills while having fun with a wide variety of activities, including a day out on the town, using your Spanish in authentic settings.

CAMPING AND READING AND WRITING, OH MY!

Week: July 9-13

Instructor: Shelly Sharp

Time: 8:30-11:30 a.m.

Grades: 1-2

Camp out at Clark with a good book and good friends! Join us as we read camping books by the "fire", discover scavenger hunts on Clark grounds, enjoy Go Fish literacy games for phonics and rhyming words, and learn how to make s'mores and other camp fire favorites! Each day will bring opportunities to enrich literacy and writing skills in a fun way. Learn to write about favorite forest animals, create poetry with camp songs and s'more directions, and make journals with photos and stories. Come make summer memories while learning and having fun.

COOKING WITH SCIENCE

Week: June 25-29

Instructor: Patrick Cobb

Time: 12:00-3:00 p.m.

Grades: 3-9

This is the only time you'll have permission to eat your science project! Campers will build an incandescent oven, deconstruct chocolate chip cookie recipes and make homemade jelly and ice cream. This will be a delicious lesson in science!

ELECTRONICS

Week: July 9-13

Instructor: Patrick Cobb

Time: 8:30-11:30 a.m.

Grades: 4-9

Come ready to learn about electronic components and the principles of electronics as you build many interesting and entertaining circuits. Projects include an automatic night-light, flashing railroad lights, police siren and a lie detector!

JUNIOR SCIENCE OLYMPIANS

Week: July 16-20

Instructor: Patrick Cobb

Time: 12:00-3:00 p.m.

Grades: 1-3

Learn about anatomy, aerodynamics, circuitry, tower building and many other topics. Test your skills through friendly competitions with other campers in this hands-on science camp. This camp is geared for campers that have a love and curiosity for science.

DISSECTION CAMP

Week: July 23-27

Instructor: Patrick Cobb

Time: 8:30-11:30 a.m.

Grades: 4-9

Dissection camp allows campers to learn more about the animal kingdom through the dissection of a number of specimens not generally offered in middle school. Campers will dissect various organisms from invertebrate and vertebrate phyla and large mammalian organs.

3D PRINTING

Week: July 9-13

Instructor: Sasha Davis

Time: 12:00-3:00 p.m.

Grades: 4-9

What is 3D printing? Learn how 3D printing is used in our world and where to start with your own ideas. Be guided through 3D modeling software programs, printing a practice model and learning how to make forms hollow. Campers will create their own toy or character or build whatever they can imagine! Returning students will work on new projects.

CRIME SCENE INVESTIGATION

Week: July 16-20

Instructor: Patrick Cobb

Time: 8:30-11:30 a.m.

Grades: 4-9

From Locard's exchange principle to DNA testing, fingerprints, and fiber analysis, come perform crime lab and crime scene techniques. Learn some basic biology, chemistry, and physics as a foundation to understanding these techniques. We will discuss how real-life crime scene investigators use these techniques and others to help solve crimes. Mock crime scenes will test your skills as you reconstruct what happened during a particular crime based on the evidence you find and analyze. No prior knowledge is necessary, just curiosity and a love of science.

SCRATCH AND CODE!

Week: July 30-August 3

Instructor: George Phillip

Time: 12:00-3:00 p.m.

Grades: 3-7

Have you heard about coding? Have you wondered how to make video games or animations? Come learn the basics of Scratch, the easy-to-learn program built by the MIT Media Lab for beginners. All levels are welcome to come and learn how to create games through simple programming. Bring your imaginations and be ready to explore!

OUTDOOR PHOTOGRAPHY PLUS PHOTOSHOP!

Week: July 30-August 3

Instructor: George Lund

Time: 8:30-11:30 a.m.

Grades: 4-9

Grab a digital camera and join us in an adventure as we learn about cameras, controls and composition. Campers will spend two mornings capturing images in Downtown South Bend and at the University of Notre Dame. Explore editing with Photoshop and leave with an album of images! Campers meet at Stanley Clark every morning and will be bused to specific sights.

INVENT AND LEARN!

Week: July 30-August 3

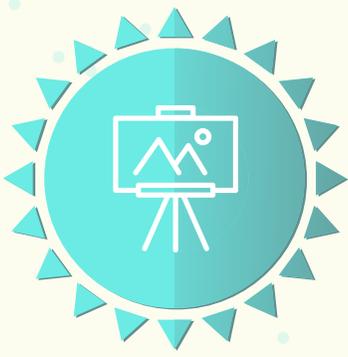

Instructor: George Phillip

Time: 8:30-11:30 a.m.

Grades: 3-6

Create, invent and digitally explore learning with a variety of fun circuits, apps and projects. Use robots and cardboard to invent obstacle courses and games. Projects will unfold throughout the week based on campers' interest. Little Bits, Osmos and Spheros will be explored. Campers will use video to document ideas and journal the process.

LET'S BAKE I: AN INTRODUCTION TO BAKING

Week: July 9-13

Instructor: Michelle Havens

Time: 8:30-11:30 a.m. **Grades:** 1-3

Time: 12:00-3:00 p.m. **Grades:** 1-3

Week: July 16-20

Time: 8:30-11:30 a.m. **Grades:** 1-3

Measuring cups, dry ingredients, bowls, plus your favorite recipe and you are ready to explore the world of baking! Tie up your aprons and get ready to explore a hands-on cooking camp. All campers will leave with recipes and an apron. Camp is limited to 8 bakers, so all three sessions are identical to meet the camp's popular demand.

SKETCH, CREATE, MAKE ART

Week: June 18-22

Instructor: Sasha Davis

Time: 8:30-11:30 a.m.

Grades: 1-2

Are you ready to discover your inner artist? Explore clay, fibers, drawing and painting techniques. Each day will bring new possibilities in this art studio experience. Come and discover what you like to create!

LIGHTS! CAMERA! ACTION!

Instructor: Kevin Krizmanich

Week: June 18-22

Time: 12:00-3:00 p.m. **Grades:** 5-9

Week: July 9-July 13

Time: 12:00-3:00 p.m. **Grades:** 3-5

Learn how to create, shoot and edit your own short film. Explore audio production, including recording foley and other sound effects and learn camera techniques used to create a great shot. All levels welcome! Grades 3-5 will be provided with an age appropriate process and practice.

SKETCH, CREATE, MAKE ART ADVANCED

Week: June 25-29

Instructor: Sasha Davis

Time: 12:00-3:00 p.m.

Grades: 3-6

Challenge yourself to develop your art skills in this studio atmosphere. Express your artistic ideas with clay, fibers, drawing and painting techniques. Each day will bring new possibilities. Come and discover what you like to create!

DRAGONS!

Week: July 16-20

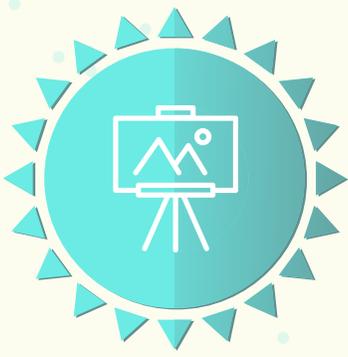

Instructor: Christine Schrader

Time: 8:30-11:30 a.m.

Grades: 2-5

Join us for a dragon-themed summer camp! Let's read and share stories about dragons from around the world. Campers will play fun team-building games and activities each day. Together they will design and build their own large-scale dragon, learn how to manipulate their dragon-puppet and choreograph a dragon dance.

CHAMBER MUSIC

Week: July 16-20

Instructor: Emilie Grondin

Time: 12:00-3:00 p.m.

Grades: 1-9 *One year experience of reading music required.

Develop skills in music reading, listening and intonation and gain practical experience by playing with others as part of both a small and large ensemble.

LET'S BAKE II: THE ART OF BAKING

Week: July 16-20

Instructor: Michelle Havens

Time: 12:00-3:00 p.m.

Grades: 4-6

Campers who have taken Let's Bake I, or who feel adventurous enough to jump in, are welcome to join as we try some new skills and recipes. We'll also explore the basics, which will allow us to be creative and start to understand why it's called the "art of baking." All campers will leave with recipes and an apron. Camp is limited to 8 bakers.

PAINT YOUR OWN POTTERY WITH THE PIGEON & THE HEN

Instructor: Diana Palomo and Amy Klinger

Week: July 16-20

Time: 8:30-11:30 a.m. **Grades:** 3-6

Week: July 30-August 3

Time: 12:00-3:00 p.m. **Grades:** 2-5

The Pigeon & The Hen Pottery is taking their show on the road and bringing you the opportunity to try printmaking on pottery. Come learn how to make a linocut, print on clay, and create a journal to document the process. Students will leave with their own journal and pottery.

ARTS IN A RURAL LIGHT

Week: July 23-27

Instructor: Suzanne Mauro

Time: 8:30-11:30 a.m.

Grades: 3-7

Be inspired by Indiana farm life and come make folk art with regional artist Suzanne Mauro on her farm in Plymouth, Indiana. Folk art comes from the heart of community and culture. Come explore clay, paint your own barn quilt square and create a natural fiber project together with this rural landscape as your starting point. Walk the trail and interact with the farm animals daily. Campers meet at Stanley Clark and are bused to the farm daily.

*Suzanne is a working artist, licensed teacher, and currently teaching at Ancilla College in the art department. Mauro is a ceramic sculptor from our community with a love of horses, goats and folk art. Previously she taught 9 years at Bethel College and ran their Summer Children's Art Program. She spends most of her time with her family, on her farm and making art.

MUSIC AND MOVEMENT

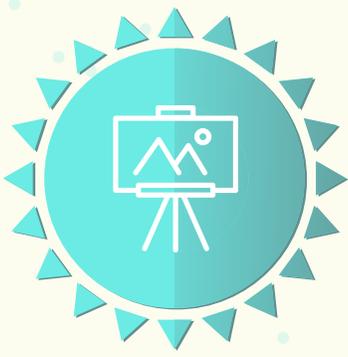

Week: July 23-27

Instructor: Emilie Grondin and Michelle Gergich

Time: 8:30-11:30 a.m.

Grades: 1-2

Explore music through songs, creative movement, listening, interpretive drawings and crafts, rhymes and instruments. This fun-filled music camp teaches kids to love music and movement!

ROCK STAR CAMP

Week: July 23-27

Instructor: Neil Carmichael

Time: 12:00-3:00 p.m.

Grades: 4-9

Calling all musicians and vocalists! Learn what it takes to play in a band, write original music and prepare for a performance. Campers present a concert of original music at the end of the week. Guitar, bass, piano, drums, strings, and band instruments are encouraged to join.

*Neil has shared the stage with Pitbull, Flo Rida, fun., Brad Paisley, Young the Giant, The All-American Rejects, and They Might Be Giants. A Clark alum and Notre Dame graduate, he has been performing for 22 years and teaching for 15. He currently serves on the faculty of The Music Village and teaches at South Bend Music Exchange.

CULTURE, CUISINE, AND MUSIC OF THE PHILIPPINES

Week: July 30-August 3

Instructor: GiGi Cripe

Time: 8:30 -11:30 a.m.

Grades: 3-6

Get out your maps! It's time to travel to the Philippines through music, food, story and more. Join Gigi as she provides insight into this beautiful country through sharing songs, baking food, creating art, and learning a traditional dance. Campers will document their experience and go home with memories to last a lifetime.

*Gigi has been teaching music in South Bend for the past 20 years. She has been an active member of SBAMTA and offers private music lessons. She decided to join Clark this summer to share her two loves - music and her Philippine Culture.

INTRODUCTION TO GUITAR

Week: July 30-August 3

Instructor: Neil Carmichael

Time: 12:00-3:00 p.m.

Grades: 3-9

Want to be a rock star? Your journey starts this summer. Learn the basics of playing the guitar in a laid-back, fun group environment. Discover techniques, chords, and scales to jump-start your playing. Participants will present a group composition at the end of the week.

*See bio above.

POTTERY LAB – FAMILY STYLE

Instructor: Jess Loyd

Time: 12:00-3:00 p.m.

Grades: 1-9

Week: July 23-27

Campers, bring an adult family member with you to explore the pottery wheel and hand building! This clay lab will teach you the basics and give you independence to explore projects together. Campers will learn the art of design through glazing. Work will be fired and available for pick up the following Friday.

3D PRINTING AND CLAY MODELING

Week: July 23-27

Instructor: Sasha Davis

Time: 12:00-3:00 p.m.

Grades: 1-3

What is 3D printing? Learn how to 3D print and begin by using clay to sculpt ideas. Be guided through 3D modeling software programs, printing a practice model and learning how to make forms hollow. Campers will create their own toy or character or build whatever they can imagine!

Soccer at Clark

Week: July 16- July 20

Instructor: Ann Marie Messmer, James Horner and Kahlid Naha

Time: 4:00-6:00 p.m.

Grades: 1-4

Grab your cleats and let's get moving! Join us this summer on the Clark fields to build your Coerver soccer skills while having fun! Players will gain more confidence with the soccer ball, learn how to handle pressure situations on the soccer field and work together as a team. Come improve your technique or be introduced to the game. All levels welcome!

Introduction to Basketball

Week: July 30-August 3

Instructor: Mike Harding

Time: 8:30-11:30 a.m.

Grades: 1-5

Learn the basics of the game in this fun-filled week of basketball. Work with your own age group as you learn to dribble, pass, shoot and understand basics of the game. A fun, positive experience will be the goal for the week.

*Michael Harding is a retired educator having served as an elementary school teacher, secondary school principal and school superintendent. During that time, he successfully coached and developed multiple school and club sports teams/programs at all levels, Pre-K through high school. In addition, he serves on various community boards and continues to support children through volunteering in numerous educational, arts and athletic experiences.

PLAY BALL – SKILLS AND TECHNIQUES!

Week: July 9-13

Instructor: Jason Hunter

Time: 8:30-11:30 a.m.

Grades: 4-9

Take part in a fun-filled week of indoor and outdoor games to help campers build confidence, keep moving and promote teamwork. Learning the art of play and sportsmanship will be emphasized. End the week by creating and designing your own game!

EXPLORE ARCHERY

Week: July 16-July 20

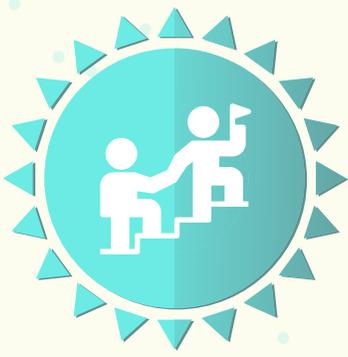

Instructor: Michiana Archery

Time: 8:30-11:30 a.m.

Grades: 3-9

Come explore archery with Michiana Archery! Campers will learn range safety, proper archery shooting form and technique, as well as the history and types of archery, all while getting plenty of practice. At Michiana Archery, their USA Archery-certified instructors provide archery instruction with a focus on safety, fun and form. This ensures all archery students to have an educational experience consistent with their age level. All levels are welcome. Campers meet at Stanley Clark and are bused to Michiana Archery daily.

LEADERSHIP ADVENTURE AT FIREFLY 2018

"LEADERSHIP THROUGH SERVICE"

Week: June 18-22

Instructor: Jeanie Shuck

Time: 8:30 a.m.-3:00 p.m.

Grades: 5-6

Interested in learning about leadership and how to feel more confident during the first couple years of middle school? Join us for an outdoor experiential camp at Firefly Farm and discover your leadership strengths! Come and explore a range of engaging outdoor activities including optional horseback riding and games with your friends while learning about becoming a leader. By promoting the philosophy of service to others, learn how to be a better communicator and listener while nurturing the awareness of self and others. If you love the outdoors, are looking for some adventure, and love making new friends, this camp is for you! Campers meet at Stanley Clark and are bused to Firefly Farm daily. Limit 16. Curriculum introduced on a two-year cycle, allowing campers to attend both years.

Bonus: By enrolling in this camp, you are also invited to Leadership Summit, an afternoon retreat at Firefly in February 2019, for all leadership camp participants.

LEADERSHIP ADVENTURE AT FIREFLY 2018

"THE LEADER WITHIN"

Week: June 25-29

Instructor: Jeanie Shuck

Time: 8:30 a.m.-3:00 p.m.

Grades: 7-8

Interested in learning more about leadership and discovering your personal leadership strengths? Join us for an outdoor experiential camp at Firefly Farm designed for teens. Learn about who you are, who you want to become, and how to enhance all of your innate leadership skills, all while enjoying the outdoors with your friends on the rolling hills at Firefly Farm. There will even be an option to do some horseback riding! By understanding our personal strengths, you can learn how to reach your full potential throughout your life. If you love the outdoors, looking for some adventure, and love making new friends, this camp is for you! Campers meet at Stanley Clark and are bused to Firefly Farm daily. Limit 16. Curriculum introduced on a two-year cycle, allowing campers to attend both years.

Bonus: By enrolling in this camp, you are also invited to Leadership Summit, an afternoon retreat at Firefly in February 2019, for all leadership camp participants.
